Delaware Quaker Records:

Early Members of Wilmington Meeting

Compiled by Herbert Standing

WILMINGTON MM

Guide to the Index of

EARLY MEMBERS OF WILMINGTON MEETING AND WILMINGTON MONTHLY MEETING OF FRIENDS

This section of the card index is designed to include the earliest members of Wilmington Meeting from 1735 to 1750, as well as all of the members of Wilmington Monthly Meeting from the time of its formal establishment in 1750 until the time of the division of the Monthly Meeting in the Orthodox-Hicksite Separation of 1827. Wilmington Monthly Meeting membership after 1750 included the remnants of New Castle Preparative Meeting, which was laid down in 1758. In later years, Wilmington Monthly Meeting also included the membership of White Clay Creek Preparative Meeting which was established in 1781 and which changed its name to Stanton Preparative Meeting in 1803. Stanton continued to be a preparative meeting under Wilmington Monthly Meeting (Hicksite) until 1891. The meeting for worship was laid down in 1921.

In compiling this index, reference was made to typed copies made from the original early birth, death and marriage records of Wilmington Monthly Meeting. These typed copies were made under the auspices of the Works Progress Administration. The early birth, death, and marriage records of Wilmington Monthly Meeting are not very complete until after 1800. A set of manuscript minutes of the Wilmington Monthly Meeting of Men Friends was studied in detail for the years from 1780 to 1824. Files of certificates of transfer to Wilmington Monthly Meeting were also studied, as well as letters of disownment. A typed copy of the membership list of Wilmington Monthly Meeting of 1807 was carefully noted, as well as a manuscript record of the members of the Monthly Meeting in 1827, at the time of the Separation. Financial records of Stanton Preparative Meeting were examined.

Certain genealogical records outside of the Friends records were included to supplement the Friends records, when these outside sources appeared to be reliable. Effort was made to note the sources of such information.

On most cards, notation was made in red ink at the top upper right-hand corner--indicating the date when the individual became a member of Friends and the date when membership was terminated. These notations in red ink are based on Friends record sources.

A shading of the upper right tip of the card, accompanied by a numerical notation, signified that the member is recorded as having contributed a certain amount to the fund for the building of the present Wilmington Friends Meeting House, the building which was constructed in 1816.

There does not appear to have been a William Wade Hinshaw index compiled for Wilmington Monthly Meeting after it was set off from Newark (Kennett) Monthly Meeting. It is hoped that this card file may help to meet the need for such an index.

Joseph Bringhurst came to Wilmington fr Philadelphia, ca 1893, fleeing a yellow fever epidemic. He hurriedly opened a drug store which also served as Wilmington's Post Office. He served as Wilmington's first postmaster, from 1793-1823. The drugstore, opened in 1793, remained at the same location at 317 Market Street in the Bringhurst family until August 1939--Wilmington's First Post Office, J Barton Cheyney, April 1941, available in Wilmington Friend's Library.

He was a doctor "gifted with an intellect of no common order; he had cultivated and improved it by extensive reading, and nature had supplied him with an easy elocution, which enabled him to communicate with clearness and facility & rendered his conversation a source of instruction and pleasure." Samuel Canby was apprenticed to Ziba Ferris to learn the trade of carpenter and cabinet maker; but a few months before the conclusion of his apprenticeship, making up his mind to follow the business of a miller, he satisfied Z.F. for the unexpired term of his service & moved to Brandywine 11-16-1771.

Living in the house on the Brandywine that had been his father's from the time of his marriage in 1775, about 1790 he built a more commodious house on Market Street at the corner of Washington (now 14th) where he had room to gratify his hospitable disposition, and to have his friends around him, which he greatly enjoyed. His house for many years was the principal one in the place for the accommodation of Friends traveling on religious service.

He was a very successful business man.

"When about sixteen, Thomas Canby emigrated to Pennsylvania with Henry Baker in the ship Vinu of Liverpool, arriving 9th month, 17th, 1684 in the Delaware River. After completing the term of service fixed by the Quarterly Meeting of Bucks Co, in return for his passage to America, he settled in Abington Twp (near Jenkintown) where he went into the milling business. Sometime before 1717 he removed to Solebury Twp, Bucks Co, near the present New Hope on the Delaware. There, with Anthony Morris of Philadelphia, he bought and operated the mills formerly belonging to Robert Heath. He also purchased a 200 acre farm below the present village of Buckingham where he lived until 1741 when he removed with his family to Wilmington on the Delaware taking his certificate to Newark Friends Meeting. After a short stay there, he returned to Solebury where he died."--"Canby of Thorne, Yorkshire," 7; and Family History by William Seidal(?) Canby 16,17,18-22.
--fr Ancestry of Elizabeth duPont Bryard, p 123
It is thought that Henry Baker was a brother of Thomas Canby's mother whom some sources list as Mary & others as Elizabeth.

(Bancroft Woodcock d 11-16-1824, but in Mtg Yd) "purchased a number of Soldiers certificates which they had received as wages for going to war & at a much less sum than the nominal value." Wilmington MM--11-10-1784

Bancroft Woodcock was a silversmith in Wilmington fr 1754 until sometime after 1790 when he moved to Bedford Co, PA.

Active in public life throughout his residence in Wilmington. Because of his religion, he was not involved in the Revolutionary War, but he did serve in a kind of Home Guard. His work for the borough was of a practical bent. He took care of the fire engines, served as regulator to set boundary stores & regulate the streets, procured drains for the ends of the streets. Woodcock was also concerned with the evils of slavery.

He was buried on his son's farm in Bedford Co. According to Elizabeth Montgomery he was a remotely(?) plain stiff looking Friend who reminded one of bone and sinews, but was nevertheless famous for his agility. Even when he was older he excelled the youths in ice skating, and he was a great walker, once a month walking 17 miles to attend a Monthly Meeting. He was very thin and seemed to grow thinner each year, so that his friends said he would never die, but would finally evaporate.--Hinds, Rothman, Del Silversmiths 1700-1850, pp 302-304.
